# Acro Instructor

ETD Dance Studio is seeking a skilled and engaging Acro Instructor to support our dancers in developing strength, flexibility, and control through acrobatics as an extension of their dance training. This role is ideal for an educator who understands how to seamlessly integrate acro technique with dance fundamentals in a safe, structured, and progressive environment.

## ETD Teaching Philosophy:

At ETD, acro is not taught in isolation—it is used as a tool to enhance the total dancer. Our approach prioritizes intentional training, strong technical foundations, and disciplined progression. Instructors are expected to lead with purpose, develop each dancer with care, and create an environment where students are both challenged and supported. Through this method, we build not only stronger dancers, but confident and resilient individuals.

## Position Overview:

The Acro Instructor will teach students ages 5 and up, ranging from beginner to advanced levels, with a focus on proper technique, conditioning, and skill progression. Instruction should enhance overall dance performance, alignment, and confidence. ● ● ●

## Responsibilities Include:

- Deliver structured acro classes that support and enhance overall dance training
- Teach foundational skills such as flexibility, strength, balance, and control
- Safely progress students through acro skills appropriate to their level
- Emphasize proper technique, injury prevention, and body awareness
- Create a positive, disciplined, and encouraging learning environment
- Collaborate with studio instructors to align acro training with choreography and performance goals

## Qualifications:

- Strong background in acrobatics, tumbling, or gymnastics with the ability to apply it to dance
- Experience teaching students ages 5+ across multiple skill levels
- Knowledge of safe progressions, spotting techniques, and conditioning methods
- Ability to manage a class with structure, clarity, and engagement
- Professional, dependable, and committed to student growth.
